The Team

Four Northeastern University (NEU) students wanted to find the ultimate solution to simplify course planning, and Rate My Courses was born! Our goal is to create an open community for NEU students to rate and review all their courses. We hope you find this platform helpful!

How it works

- You can browse course ratings and reviews as a guest.
- If you want to rate a course or post a review, [creating an account](#) is easy!
- You can post reviews anonymously when logged in, too.
- You can also add a new course to the platform and be the first to review.

Would recommend

I enjoyed the course and learned a lot about the subject. I would recommend this course to anyone who is interested in learning more about this topic. The exams were a bit challenging, but if you study you will be fine.
